

Set up an event in another language

Language templates contain many common text elements translated from English to other languages. If you're hosting an event in another language, we can assign a language template to a specific folder in your account. When you create new events in the folder, the template automatically translates the text on the registration page and the audience event window to that language.

Note: Only new events created in the language template folder are translated. Events moved into the folder from another folder are not translated.

To have language templates set up for your account, contact Support.

Jump to: [Translated elements](#) | [Available languages](#) | [Examples](#)

Translated elements

The following table shows the elements that are translated on the registration page and audience event window.

Notes:

- Language templates don't translate the event `__TITLE__` or the `__DATE__` auto-fields on the registration page. To customize the title and date, enter them in the Landing Page Content section. To learn more, see [Customize the event title and date | Bar layouts](#) or [Customize the event title and date | Open layouts](#).
- Language templates only set the language for the registration page and the audience event window. They don't set the language for the Webcast Admin portal, the Live Studio, or the editing studio.

Page	Elements translated
------	---------------------

Registration page	Landing page labels Login form fields Meeting Room View page Registration form fields
Event window	Audience chat tab Event resources tab Q&A tab Slides tab Video player Welcome message

Available languages

You can request templates in the following languages:

- English, American
- Chinese, Simplified
- Chinese, Traditional
- Czech
- Danish
- Dutch
- French
- French, Canadian
- German
- Italian
- Japanese
- Korean

- Polish
- Portuguese, Brazilian
- Romanian
- Spanish
- Turkish
- Vietnamese

Examples

The following examples show an event created within a folder with a Spanish language template. Notice that the Add to Calendar button, registration fields, buttons, and tabs and other text on the event window are in Spanish.

alltrek **TECHConference**

Keynote Kickoff

The screenshot shows a Zoom meeting interface. On the left side, there is a video feed of a woman with dark hair, wearing a blue shirt with white polka dots, smiling. Below the video feed is a chat window with a blue header that says "Haga una pregunta" and a text input field. Below the input field is a button labeled "Enviar" and a status line that says "Total de preguntas respondidas: 0". On the right side of the screen, there is a slide titled "TECHConference Keynote Kickoff" with the text "hosted by alltrek" and a graphic of blue circuit lines on a dark blue background. The slide is titled "Diospositivas" at the top left.
