

Help Video - Testing a Video Bridge Connection

With the Video Bridge, you can broadcast your video stream from a webcam, video conferencing system (SIP/H.323), on-site encoder (RTMP), or meeting apps such as Skype for Business.

In this video, you will learn how to test your camera and microphone connection to the Video Bridge. It's recommended to test at least 48 hours in advance using the same computer and network that you plan to use for the live event.
